upcoming session (for both Practical Series or Pastry Series students). Both make up options can be done free of charge.

Student Grievance Procedure:

1. Every effort should be made to resolve the problem informally. The student should talk directly with the faculty or a staff member. The problem must be defined with clarity in order to determine a fair and reasonable solution. If unsuccessful, proceed to the written grievance procedure.

2. If informal efforts are unsatisfactory or unsuccessful, a written grievance may be filed with the Director or Designee of the school. The grievance will be in writing and should include the name of the respondent and a description of the specific incident(s) forming the basis of the grievance, an outline of the informal steps taken to resolve the matter, and reference to the desired outcome(s) if appropriate. The formal grievance should be presented within two years after the student has knowledge of the problem.

3. The School Director or Designee will investigate and decide how the problem should be resolved and will render a written decision to the student within ten (10) business days after the receipt of the complaint. All formal (written) complaints will be recorded in the school files.

4. An appeal should be filed with CCA within 10 days. After receiving the appeal, CCA then has 10 days to respond. Additional information will be required to warrant further investigation into the complaint.

5. If the complaint cannot be resolved after exhausting the school's grievance procedure, the student may file a complaint with the Arizona State Board for Private Postsecondary Education. The student must contact the State Board for further details. The State Board address is:
